

HEALTH AND SAFETY POLICY

Objectives

Zero harm through safety leadership. Our people “Think Safe, Work Safe, Home Safe”.

We will achieve this through:

- Strong health and safety leadership.
- Open and sincere consultation and communication with all stakeholders.
- High standards of design, planning, equipment and workplace housekeeping.
- Quality training in systems and processes.
- Encouraging and supporting continuous improvement in all areas of our business.

Beliefs

- Our people should always return home from work free from injury.
- Our people are responsible for the health and safety of themselves and others.
- No task is so urgent that it cannot be done safely.
- Health and safety performance can always be improved.

Strategy

- Implement appropriate hazard identification and management strategies to manage health and safety responsibilities.

Think Safe, Work Safe, Home Safe.
