Our People

Barry (Bun) Astill- Coal Preparation Plant Machine Operator

What do you enjoy most about living in the region?

I enjoy living in the Mid-western region as the country people are always friendly. I like living in a small community away from the hustle and bustle of cities.

What do you do in your leisure time?

In my leisure time I like to keep active doing various activities like spending it with my family, bushwalking, 4 wheel driving, watching sport or wining and dining in the various establishments around the region. I also like to travel on my holidays and Mudgee Day on the Green is an annual event I attend.

Which book / or movie are you looking forward to reading / seeing?

I am currently reading the Bruce Springsteen book "For You".

NSW Seniors Week celebrations

'Live Life' was the upbeat theme for this year's NSW Seniors Week which recognised the volunteer efforts of two local citizens.

For Kandos' Ivy Tomlinson and Rylstone's Maureen Turner, NSW Seniors Week celebrated both ladies tireless volunteer efforts across multiple community organisations.

To help celebrate Mrs Tomlinson's achievement, 60 community members attended the official Kandos luncheon. Mrs Tomlinson's tireless community work has been previously recognised in 1988 as she was also awarded the Citizens Award.

As Rylstone's winner, Mrs Turner's volunteer work with the local school to assist children with reading was celebrated with Rylstone Primary students providing entertainment at the official Rylstone luncheon.

"I believe that our seniors deserve recognition as almost all of them have been and continue to volunteer despite

their senior years," said Cr Esme Martens, Chair of the Seniors Planning Committee.

Cr Martens thanked Centennial Coal Charbon for its continued support of the local Seniors Week celebrations.

Airly Mine Project Team

While many might know the project team at Airly, there has been new appointments and change in responsibilities after the mine was placed on care and maintenance.

Bob Miller has been appointed as Airly's Mine Manager, which is a statutory position required while the mine is on care and maintenance. Bob is well known in the district and has been involved in mining for a significant period. Bob is also currently acting Mine Manager at Charbon will its Mine Manager, Neil Larcombe, is on leave.

The senior person at Airly (full time) is the Technical Services Manager, Pieter van Rooyen. Pieter manages the team on site and is the project manager. The Project involves the development consent renewal and mine extension.

David Lincoln is the Engineering Manager. He is

responsible for ensuring the care and maintenance schedules are completed.

David King is the specialist Mining Engineer and has extensive experience at Airly (and Centennial). He is managing some of the specialist consultants who are working on the EIS.

Greg Brown is the Environmental Coordinator and is responsible for environmental monitoring at Airly and is also integral to managing the EIS.
